We have been receiving reviews from our dear guests about the taste of Mandi rice compared to the other restaurants. Usually Maggi cubes are used to increase the taste of Mandi. But at ZamZam, We have strictly avoided Ajinomoto & Maggi cubes - Monosodium Glutamate which is harmful for all, especially for pregnant women & Small Children. It's been our Principle & Promise to you that we won't use artificial tasting powders & any colours since 2012, because we believe that protecting your health is more important than satisfying your taste buds temporarily.

WE CARE FOR YOUR HEALTH
WE DON'T USE AJINOMOTO & MAGGI CUBES.!
